ACOUSTIC EMOTIONS

Cabasse, the name for French audio since 1950, has always been focused on one goal: perfection in sound reproduction. Facing the Atlantic Ocean, the Cabasse Acoustic Center brings together all the Research and Development skills and expertise required for innovations in acoustics. Fitted with one of the most reliable anechoic chambers available on earth, with laser based measurement devices and state of the art simulation equipment, the Cabasse team can design the most advanced audio systems to allow you to enjoy the emotions of "live" sound.

The logo features a stylized, elegant script 'C' above the brand name 'Cabasse' in a bold, italicized serif typeface.

DEAP

Developed from the software used on La Sphère and l'Océan, DEAP is a unique technology enhancing the acoustic performance of Cabasse loudspeakers. It takes into account the individual specifications of each model and its location in the listening room.

WiFi

Enjoy all the digital music stored at home, internet radio stations from all over the world and music services like Deezer and Spotify on any Stream product, thanks to the high resolution wireless connection to your domestic network.

THE TWO-WAY COAXIAL DRIVERS FROM STREAM 3

For full respect of sound coherency across a wide listening area, Cabasse utilizes the coaxial technology from the reference systems in the Stream 3 satellites. The depth and the realism of the stereo soundstage is impressive, sharing the liveliness and naturalness of sound without limits.

THE THREE-WAY COAXIAL SYSTEM FROM STREAM 1

This wireless all-in-one loudspeaker offers unique features. Thanks to its three coaxial drivers, enabling a smooth 360° diffusion, the sound is always perfectly clear and musical anywhere in the room, whether the player is standing, lying down or wall-hanging. The materials and the fluid design of its shape optimize the performance of its powerful transducers in every position.
